We have an exciting and unique opportunity for a passionate, inspirational and dedicated colleague to join our supportive and forward thinking Mathematics department.

Todmorden High School is looking to recruit an outstanding practitioner who has excellent subject knowledge, a real passion for mathematics and who is keen to be part of our special mathematics team, teaching our phenomenal students. This position would equally suit either a newly qualified colleague or a more experienced teacher looking for a new challenge.

Todmorden High School is a community school and offers a welcoming and warm environment which allows our staff to thrive; which in turn means great outcomes for our students. We are looking for a candidate who is not only an impressive and ardent teacher, but someone who embodies our core values as a school. We have an extensive, bespoke CPD programme including the opportunity to join our Aspiring Leaders' programme.

We warmly invite all prospective candidates to visit our school. You can either contact us to make an appointment or simply visit us unannounced during the school day and receive a guided tour of our remarkable school. A visit will allow you to see the school in action and meet with some of our fantastic students and staff.

Applications should only be made using the application form provided. Unfortunately, applications by CV cannot be accepted. Please send all completed applications to applications@todhigh.co.uk. If you would like to make an appointment to visit the school, or if you would like to discuss the role further then please contact Leanne Maude, School Business Manager (01706 813558 / l.maude@todhigh.co.uk).
