Excited to continue my relationship with @IllumEnt and announce that I've joined the @grinchmovie fam 🎄! Incredibly honored and proud to narrate this timely adaptation of Dr. Seuss’ beloved classic 🎄. In theaters November 9th.

My #10F1 headphones for @beatsbydre: A blank canvas for anyone’s creativity. Loving all the inspiration I’m seeing in others’ designs too 🧵✨

Like a pro. @Pharrell took #10F1 creativity with Beats to another level: producing a blank canvas (and a piece of art in themselves) to inspire all.

I serve and represent the OTHERS because I am one myself.

OTHERS defy expectations and stereotypes. We are curious, ambitious, energetic and have every intention of squeezing the most out of life. Above all, we are individuals.

OTHERS don’t fit into categories. We are not jocks. Or skaters. Or musicians. Or students. Or technologists. Or audiophiles. We want to be all of the above and then some.

OTHERS are a diverse group of optimistic, bright minds connected by technology and a desire to make our mark, who together can advance culture and even humanity.

OTHERS are not defined by demographics or geography. We have shared ideals, dreams and a vision for a new reality.

OTHERS believe individuality is the new wealth. Experiences are the new assets to acquire. Whoever is the most individual wins.

I am OTHER celebrates people who push society forward. The thinkers. The innovators. The outcasts. History has proven that it’s the rule breakers who have the power to change the world.

Be OTHER.
